wave80

The trusted name for commercial pool cleaners

Dolphin **WAVE 80** is a highly efficient, fully automated robotic pool cleaner ideal for small to medium-sized commercial pools, such as those in hotels, campgrounds, and schools.

Accurate scanning allows systematic pool floor, walls, and waterline coverage. High-capacity filtration captures dirt, dust, and other fine debris, leaving clean and hygienic pool water throughout the cleaning cycle.

The **WAVE 80** ensures heavy-duty cleaning performance with robust reliability for long-term effective operation.
