

AQUEAS AQ-GR05 GRAB RAILS

The AQUEAS AQ-GR05 uneven rails are well suited to commercial applications when niche steps are used with pool grates. The uneven rails catering for people of different heights and making it difficult to slide down them making it safer. This can be used for residential applications as well.

Available in Standard or Flanged Grab Rails.

The flanged fixings are supplied with the choice of stainless steel dyna bolts with dome nuts or threaded rods with dome nuts. Please specify when ordering. If not specified, threaded rods with dome nuts will be supplied.
