

## AQUEAS LANE ROPE MINI REEL

25m Stainless Steel Model

50m Stainless Steel Model

25m Lane Rope

The AQUEAS Lane Rope Mini Storage Reel has been developed to cater for when storage of one or two lane ropes is required. Perfect for hotels, swim schools or where storage of a couple of lanes are required. The reel is fitted with an eye for the lane rope to attach, large hand wheels make retrieval of the rope easy to wind on. Two wheels and handle are fitted for manoeuvrability by one person. Two legs with rubber feet gives the reel firm footing when stationary. The reel is available in two sizes either 25m or 50m and made of either mirror polished stainless steel or stainless steel with a white powder coated finish. The 25m model will fit through a standard doorway.
